Letter of Gratitude

Dear Alexander,

On behalf of FIFA, I would like to express gratitude to your company LLC "Element of victory" (ITN 7733815511) for the construction of the stadium and infrastructure for FIFA BEACH SOCCER WORLD CUP 2021 in Moscow.

Despite the complexity of the location that had been chosen for the event the company's employees were able to find a solution to fulfill the technical requirements and deliver a great stadium and infrastructure for an event that turned out to be one of the biggest of Beach Soccer history.

We wish you success in all your future endeavors!

Sincerely,
Denis Kistenyov
